BENCH WARRANTS.

Gov. Holden and his truculent Judiciary have a great aversion to the old mode of arrest by bench warrant, except in cases where they will subserve the interests and purposes of their own party, and the Radical administration. The Governor arrested nearly one hundred men in the counties of Alamance and Caswell, with the sword and bayonet, three of whom he had hung by the neck like dogs to force them to testify as he wanted them. Judge Pearson could give these citizens no relief until he found that Judge Brooks was about to do it.—Then the powers of the "exhausted Judiciary" are suddenly revived and become potent, and Judge Pearson begins the work of issuing bench warrants by the wholesale, and what is a little singular, he shows no hesitancy in ordering their execution in the "insurrectionary counties" as long as they are against a certain class of persons, but forbids their execution in these counties when they are against another class.

A. G. Moore and others, who remembered Judge Pearson's base abandonment of them and of the law, when Holden was hanging men like dogs, withdrew their petitions from him for relief, rather preferring to take the chances of hanging by Burgess than be tried by such a man as Pearson; whereupon Pearson issues his bench warrants for Moore and others of Holden's political adversaries.

But when we and others who had been outraged in the most lawless and vilest manner, applied to Pearson for bench warrants for Holden and his tools, Kirk and Burgen, he would not grant them. He also advised, as we believe, his fledgelings of the Judiciary, Dick and Settle, not to issue a warrant against the Governor, nor against Kirk and Burgen to be executed in Alamance and Caswell, the only counties where they were likely to be found. Now, we ask, if a bench warrant could be executed in Alamance against A. G. Moore, why could it not be executed against Geo. W. Kirk? It was a civil process in both cases; it could be executed against Moore *anywhere*, and against Kirk and Burgen anywhere, except in Alamance and Caswell.—Blackstone says, Every man is liable to arrest by warrant; he makes no exception. But the Holden Judiciary excepts Holden, Kirk and Burgen, while they are engaged in hanging men in Alamance.

We applied for bench warrants against Gov. Holden, to the following Judges: Pearson, Dick, Settle, Reade and Rodman, of the Supreme Court Bench, and to Watts, Buxton, Cannon, Russell, Thomas, Tourgee, Cloud, Jones and Henry, of the Superior Court Bench—to all the Judges in the State except Judge Mitchell. All of them refused except Thomas, Jones, Henry and Pearson, from whom we got no reply.

Justices Dick and Settle advised with Pearson in the opinion they rendered, so we put the Chief Justice down as holding the opinion that a Governor may commit murder, arson or rape, and he cannot be arrested for the crimes, except by impeachment. In that opinion some of the Judiciary have concurred, while others "dodged" or rotated like Richard.

This will suffice for to-day; to-morrow we will give some of the answers of the Holden Judiciary to our application for bench warrants against their Chief, His sacred Majesty, King William the First, Defender of the Leagues, and Prince of the Magic Railroad Ring.

INVOCATION TO THE GOD OF TURPENTINE.

We are told by those who heard him, that the Governor's candidate for Congress, who is no less a personage than his own son, Joe, made an inflamatory speech to the negroes, in 1868, in which tar, pitch and turpentine, fire and flames, were plentifully interspersed. After this speech, and the circulation of the infamous Legislative Address, written by Judge Reade as I John Paul, approved and signed by the lord's god of turpentine, Joe, himself, many barns, dwellings, mills and tobacco factories were burned by members of the League.

In Granville county, Dr. Hicks could stand in his door at midnight and see the flames, that were destroying $50,000 worth of his neighbors' property. In Orange three barns containing grain and horses were burned in one night. In fact, all over the country, with scarcely the intermission of a night, the horizon was red with the glare of burning buildings, lighted by the torch of the incendiary.

Then began the work of retribution. Three leaguemen of Orange, against whom it is said the proof was conclusive, were hung for the barn burnings in that county—in other words, hung for following the advice of the Legislative Address, and the teaching of the little "god of turpentine."

John Ragland, late Republican member of the Legislature from Granville, says the negroes ought not to have been hung, but the men who wrote the Legislative address of 1868, ought to have been hung and that with an untrimmed grape vine; and John was right. He has said publicly and privately that every member of the Legislature who signed that address, (and Joe Holden was one of them) "ought to be hung with a grape vine untrimmed." We do not endorse John's summary plan for dealing with these men, but we do say that no man who signed that address and invoked "the god of turpentine" is a fit representative to send to Congress.

The man who was elected Sheriff of Halifax, James Goodwin, and who was unable to give his bond and thereby failed to get the office, is now a candidate for the Legislature, to fill the vacancy caused by Renfrow's resigning a seat he could not have held. In that county, on Monday night last, some Leaguer, following the advice and teachings of the Radical Legislative Address, set fire to the gin house of Mr. Wm. Smith, of Scotland Neck, containing it together with sixty bales of cotton. On the night before, the house of Mr. W. R. Leggett was fired, but the fire was discovered in time to extinguish it before serious damage was done.

Indeed, it has been almost invariably the case in this State, that as soon as a heated political contest arises, we hear of the property of Democrats and Conservatives being destroyed by the midnight incendiary. We say, down with the Leagues; away with carpet baggers; and then we shall hear no more of flames being kindled under barns and gin houses.

DISABILITIES.

Major Smith, whose seat in the Senate from Alamance and Guilford, is contested by Dr. Moore, is not eligible to the seat, even if there were no contest. The Justices of the Supreme Court have already adjudicated the question against the Major.

Chief Justice Pearson, in the case of *Kerr et al.*, said that George Williamson, a citizen of Caswell, could not serve a writ on Kirk, *because he (Williamson) was an insurgent*, and the Chief Justice had to deputize David Wicker, the Marshal of his Court, not only to serve the writ on Kirk, but to summon witnesses.

Neither the Sheriff nor any citizen of Alamance—not even Major Smith, himself, could have executed a writ or summoned a witness in that county, during the existence of the proclamation; so says Chief Justice Pearson. Then if neither the officers nor citizens of Alamance could perform the inferior duty of serving an ordinary process of law, of course they could not perform the higher and more responsible duty of electing Major Smith to the important position of a seat in the Senate to make laws for the people of the State, appropriate bonds and levy special taxes to pay the interest on them.

According to the ruling of Chief Justice Pearson, the votes of Alamance and Caswell cannot be counted—"*insurgents*" cannot vote. We suppose a new election will be ordered for the House of Commons in Alamance and for both Houses in Caswell.

SABBATH.—A PREACHER HISSED OUT OF THE PULPIT.—On Sunday last, the congregation assembled at the Mount Zion (Colored) Baptist church, on the appearance of the preacher, Robert Hughes, a very respectable colored man, commenced to hiss him and leave the church. Their conduct was very disorderly—some hissed, others cried him down, and the wildest disorder prevailed. The reason given by these colored people for their heathenish conduct was that *Robert had voted the Conservative ticket!* Nice principles, these instilled by the great National Republican party!—*Charlottesville (Va.) Chronicle.*

It is said that the appointment of Kramer, Gen. Grant's brother-in-law, as Minister to Denmark; of John Dent, as Appraiser at San Francisco, another brother-in-law; of Admiral Porter to succeed Farragut and of Admiral Rowan in Porter's place, will be opposed in the Senate, as will, also, other appointments and favorite measure of the President. The opposition, it is added, will not be confined to the Conservatives.

The elections being at an end, extensive decapitations are impending in the Brooklyn Navy yard.

RAILWAY works are progressing rapidly in Mexico, and before long there will be railway connection between Vera Cruz and the capital.

The Los Angeles Telegram says that at San Bernardino a China woman, who committed a petty robbery among her people, was seized by Chinamen, tied to a stake, a fire built under her and she was burned to death. The perpetrators of the outrage have been arrested.

All Chinese have been ordered to leave San Bernardino.

A colored man was found lying in the road dead, by another colored man, six miles below Wilmington, on Monday last. He was unknown.

The failure of Creswell to carry Maryland for the Republicans in the late elections, seems to be the only ground for the rumored change in the head of the Post Office Department. If Creswell's head is to come off for the loss of Maryland, Grant's ought to fall for the loss of Missouri.

The President's visit to Philadelphia last week, which was said to be of a purely private character, is now believed to have had a special aim; that of having Pennsylvania represented in the Cabinet.

The President has not intimated his grounds of "suspicion" of Mr. Wilson, of the land office, and Mr. Wilson has no idea of resigning his place until he knows what these grounds are.

REMARKS OF HON. WILLIAM EATON, MADE AT THE FRANKLINTON CONVENTION, ON THE ELEVENTH INST.

[PUBLISHED BY REQUEST OF THE CONVENTION.]

Gentlemen of the Convention:

We have met together on the present occasion, in order to nominate a candidate of the Conservative party, for the House of Representatives of the United States, in the place of Judge Gilliam, who died at his residence in Oxford on the 18th of October last.

I cannot allow the occasion to pass, without offering to the memory of the Hon. Robert B. Gilliam, a tribute of respect and regard. My acquaintance with him commenced in the days of my boyhood when we were students at the Oxford Academy. He was then a youth of fine promise, and likely to become a distinguished and useful member of society.—I practised Law with him for upwards of a quarter of a century. I served with him in the House of Commons in 1838, and in 1840, during which year he was elected Speaker; and also in the Convention of 1865. I have had ample opportunities of observing how he acquitted himself when adorned with the ermine. I mingled freely with him in the social circle, and we were upon intimate relations of friendship for many years. I know his character and deem it my duty to bear testimony to its excellence.

As a Legislator, he was true to his principles, faithful to his constituents, as well as to our people generally, remarkably well informed as to public affairs, useful in business, and always decorous in debate. As a member of the Legislature, and as a Judge, he was the steadfast friend of civil liberty, and anxious to secure its inestimable blessings to the people of North Carolina.

In his judicial capacity he was an ornament to the Bench. When he presided we had an intelligent, upright and impartial administration of justice, which commanded the confidence of all of our citizens; and in patience, good temper, and urbanity while engaged in the discharge of judicial duties, he has had no superior in North Carolina. It should be remembered to his honor, that he always administered justice in mercy. Judge Gilliam certainly left a very favorable impression upon the public mind.

The high tributes of praise paid to him as a Judge, by the Press in every part of the State, must be exceedingly gratifying to his family and friends.

As a lawyer, he distinguished himself by ability and learning, by a delicate sense of propriety, and by his unexceptionable conduct. In some respects his example was peculiarly worthy of the imitation of his brethren; he was fair and ingenuous in the management of his causes, and uniformly respectful in his language and demeanor to the Court, the parties, the counsel and the witnesses. He hardly ever wounded the sensibilities of any person during his long practice at the Bar.

His private character was eminently deserving of commendation, and has been much admired by discriminating observers. In his domestic relations he was tender and affectionate; and he was an upright, amiable and accomplished gentleman in all the paths of private life, and a brilliant ornament of society. Amiability and self-command were striking features of Judge Gilliam's character. When canvassing for popular favor during periods of the deepest political excitement, he softened the asperity of party spirit, by his moderation and liberality towards his political opponents, by the suavity of his manners, and by his gentlemanly deportment. His death has been a serious calamity to the State, and especially to this Congressional District.

Since we last met North Carolina has had to deplore the death of a noble son of Virginia. I allude to General Robert Edward Lee—the ablest military commander of the age; the christian hero of the South; and the second Washington that America has produced. His native State mourns over her illustrious son, but not alone.—All of the rest of the Southern States share in her sad affliction, and mingle their tears with those of weeping Virginia, as they bend in sorrow like sympathizing sisters over the grave of Lee. Many of those who encountered him upon the bloodiest fields which this world has ever known, have yielded to his genius and virtues their esteem and admiration. Peace to the ashes! honor to the memory of the great, the good and the brave. Well may we have said on the occasion of his lamented death:

"Farewell, gallant eagle, thou'rt buried in light,
God speed thee to heaven, lost star of our night."

If some of my remarks should be regarded by any here, as not strictly appropriate to the occasion, the feelings from which they spring must plead my excuse.

I do not desire to detain the Convention much longer with any observations of mine, and I will, therefore, only add a very few words as to the business before us. When this Convention assembled on the 7th of June last, I never knew a body of the kind to discharge its duties in a more agreeable and satisfactory manner. There were exhibited in this Hall a devotion to principle, a feeling of patriotism, and a spirit of harmony and conciliation worthy of all praise, and which seemed to me to foreshadow the splendid victory which was afterwards won. If similar feelings and sentiments shall now animate the bosoms of the members of the Convention and shall also reach the hearts of the Conservatives throughout the District, I regard our success in the approaching election as a matter of absolute certainty. Let us exert all of our energies in the support of our noble and patriotic cause. By all means let us vote. It was regarded as a reproach upon a Roman soldier, if he lingered at home when an invading army was on its march for the capital. It would be an equal dereliction of duty, for an American citizen to absent himself from the ballot box, when the best interests of his country are in imminent danger.

The census returns of twenty-eight States have been published, and show that the relative order of the States as to population has not been materially changed from that of 1860. Virginia by the loss of the territory forming West Virginia has fallen from the fifth to the tenth State, and its position is occupied by Missouri, which now takes precedence of Indiana and Massachusetts. The full returns of the Eastern and Middle States have not yet been announced, but New York still holds the first, and Pennsylvania the second place. After these come Ohio with a population of 2,675,468; Illinois with 2,540,216; Missouri with 1,703,000; Indiana with 1,068,169; Massachusetts with 1,457,385; Kentucky with 1,323,264; Tennessee with 1,258,326; Virginia with 1,209,607; Georgia with 1,185,000; Michigan with 1,164,158; Iowa with 1,177,515; North Carolina with 1,072,000; Wisconsin with 1,032,266; and Alabama with 1,002,000. These make sixteen States with a population over one million, while in 1860 there were only eleven. The largest actual gain in any States was an increase of 300,000 in Illinois.

GEN. GRANT'S attempt to protect the purity of the elections in New York and Alabama by the use of the bayonet were very successful. Both States went largely Democratic.—*Courier-Journal.*

"Keep it before the people" that Jo W. Holden is the candidate of the Leagues and Railroad Ring.

Every Conservative should go to the polls on SATURDAY 26th inst., and vote for John Manning, Jr., for Congress and Dr. Dunn for the House of Representatives from Wake.

We see from some of our exchanges that Judge Tourgee has resigned his position as Code Commissioner. Perhaps the Judge had concluded that the season had arrived when "the olive would yield no oil," and that it would be useless to keep sucking the bull.

One Wm. P. Grimsley, of Greene county, sometime ago instituted a suit against the editors of the Newbern *Journal of Commerce* for libel; this week he is trying his hand at the same game on the editor of the Goldsboro *Messenger*. We suppose these editors are prepared to prove what they have said of Grimsley; we are always prepared in such cases. When it becomes necessary to lash a scoundrel, we get the facts on good authority and then pitch in.

FORTY SECOND CONGRESS.

Below we give an approximate computation of the complexion of the next Congress; the States of California, Georgia, Iowa, New Hampshire and Texas being put down by estimate. By this computation it will be seen that the Democrats have gained 57 members in the House of Representatives, which reduces the Radical majority from 114 in the 41st Congress to 11 in the 42nd.:

HENDERSON, N. C., Nov. 15, 1870.

DEAR SENTINEL:—On yesterday the 14th inst., according to previous notice, "my son Jo" who aspires to Congressional honors, addressed, in this place, a motley crowd of some twenty five or thirty freedmen on the issues of the day, and was followed by the old scalawag "honest John," and two or three colored persons. The citizens of the place, through Mayor Parham, waited on Joseph to see if he would divide the time with George Badger Harris, Esq., representing Mr. Manning. After consulting his friends the answer came back, through a Committee of two colored persons, "not for Joseph if he knows it," alleging that he wanted all the time himself. White and colored Radicals here are thoroughly disgusted with Joseph, if the indications are to be believed from yesterday's proceedings at this place, and the triumph of Manning in the contest is already agreed, if the Conservatives will turn out at the polls.—We would suggest that Mr. Manning spend the most of his time in Nash, Warren, Franklin and Granville, where he is not so well known. The people want to see their champion and shake his hand, they care little for speech making.

Yours, &c.,

Market opened firm at 14½c; closed dull and flat, under unfavorable news from Europe.

LOST.—A map of the Square known as St. Petersburg, in the eastern ward of the city. The finder will be rewarded by leaving it at the Mayor's office.

Raleigh, Nov. 15, 1870. †

SMASH UP.—Seven cars of a freight train on the W. & W. Railroad, as we learn from the Weldon *News*, were smashed by an accident on the trestle work, four miles from Rocky Mount, on Mon lay night last.

RHODERIC DHU.—Your proposition is considered and acceded to, but remember that "brevity is the soul of wit." Short and to the point is most effective. By all means procure and send the letter alluded to. *Nuff ced.*

REDUCTION OF FARE.—We are authorized to state that $3 50 will be the price of round trip tickets from Raleigh to Wilmington to all visitors to the Cape Fear Agricultural Fair, and a like cheap rate from all other points on the North Carolina Railroad. 5tf

NICE OYSTER SALOON.—Mr. Moseley has arranged the rear of his confectionery store, on Fayetteville street, in a comfortable and convenient form for an oyster saloon, where ladies and gentlemen can retire and take their oysters without fear of hearing anything grating to the ear, or seeing anything offensive to the sight. Moseley gets fresh oysters now every day; very nice ones, too, and fixes them up for customers in superb style.

DYEING.—Mrs. Moses, on Martin, near Fayetteville street, will take an old dress or gentleman's suit and dye it over, making it look almost as good as new. There is economy in this. If you have an old dress, or an old suit of clothes, that begin to look rusty, take them to her and she will clean, polish or dye them, as they may require, and thus save perhaps, the purchase of a new outfit.

HOW TO PROSPER.—Paducah, Kentucky, has twenty manufacturing establishments, which employ between six hundred and eight hundred hands. These hands receive annually in wages, about $500,000. Just suppose Raleigh had an equal number of manufactories—and it might have them easily—what a change in the prosperity of the City and surrounding country would soon be apparent. How many could then get employment at honest labor, who are now but little, if any, better than paupers living upon the public or their friends.

NEW GAS HOUSE.—We perceive that the Raleigh Gas Light Company have laid the foundation for a new gas house. The building is to be sixty by thirty-five feet, twenty seven feet high, with a "shell stack" lined with fire brick, one hundred feet high; the building to be covered with corrugated sheet iron. The number of retorts will be increased to twelve, instead of six as heretofore, and the general facilities for the manufacture of gas arranged according to the most approved modern improvements. We suppose the Company will so arrange their scale of improvements as to include a considerable reduction in the price of gas.

GOOD FELLOWS.—We meet often along the journey of life with what are termed "good fellows;" but the very best of all good fellows that we come across now a-days, is that class who, with every instinct of their being, except the love of office, identified with the Conservative party of this State, during the last two or three years, yet let that one instinct or propensity master all the rest and take them over to the Radicals. They were very good fellows then, but since the political revolution of the State, they have become better fellows than ever. To hear them talk they never went over to the Rads, no how, and if they did apparently do so, they didn't intend to stay when they went, and if they did intend to stay it was only that they might do good to their friends who were Conservatives. Take them altogether they are such good fellows it would be a pity now they think to turn them out, and they seem to try to make every body else think so too. O, the good fellows!

AN ORNITHOLOGICAL QUESTION.—The Local of the Wilmington *Star* is puzzling his brain over the philosophical question of determining the sex of a chicken by the appearance of the egg from which it is to be hatched. We can assure our cotemporary of the *Star* that many an old woman in the country can tell him to a dot how many "roosters" and how many "pullets" will be produced from a "setting" of eggs, provided none "should prove addled or be destroyed by varmints."

A FAVORABLE NOTORIETY.—The good reputation and extended use of "*Brown's Bronchial Troches*" for Coughs, Colds, and Throat Diseases has caused the Troches to be extensively imitated. Obtain only the *genuine* "Brown's Bronchial Troches," and do not be influenced by those who make more profit by selling worthless imitations.
nov 15 eod1w.

The Weldon Hotel is advertised for lease or sale, on the 20th December.

PROGRESSIVE.—They are building a new Market House in Charlotte. They had no old one.

SOLOMON'S SUCCESSOR.—We have omitted to mention heretofore, that John Scarr has been appointed to the vacancy on Capitol Square, caused by the death of Solomon Bragg. If Henry Hunter and the other subordinates of John don't learn their duty, even to the minutest details, it will not be because John fails to talk it into them.

SANTA CLAUS.—Thiem has a large lot of Santa Claus prize boxes, containing candy, in each of which is deposited a prize of more or less value. We saw a lady open one from there, yesterday, which, in addition to a good supply of candy, contained a beautiful set breast pin and ear-rings, which would sell, in the jewelry stores, for some four or five dollars. Go to Thiem's and lay in your supply in time for the advent of the little old man with flowing white beard.

ILLICIT DISTILLATION.—We understand that Deputy Collector, C. D. Upchurch and Assistant Assessor Banks, captured a still and fixtures, together with some five or six barrels of brandy, in the Southern part of Wake, near the Harnett line, belonging to Mr. J. C. Blalock, on Wednesday night.—Cause, running the still contrary to law.

O, what a sin and dire abuse,
That farmer John should still his juice,
For Dick, or Jack, or Jake, or Joe,
Without a lawful billet-doux!

We are requested by Mr. A. H. Dowell, the prospective publisher of the prospective new Radical paper in this city, to say, that his business office for the present, is in the *Standard* building—a very bad place for a young man to be in, but that is his look out.

ATTENTION, MECHANICS FIRE CO. No. 2.—You are hereby notified to attend a meeting at Fireman's Hall, this (Friday) evening at 7½ o'clock, P. M. All members are required to attend.

By order of the Foreman,
HENRY C. HARRIS, Sec'y.

The *News* says the Gate receipts at the Weldon Fair last week amounted to some $2,500, independent of about $2,500 of life membership and yearly tickets that had been sold previous to the Fair. This is a good evidence of the success of the Fair.

INCENDIARISM.—The cotton gin of Mr. Wm. R. Smith, of Scotland Neck, Halifax county, together with contents, including 60 bales of cotton, was burned by incendiaries, on Monday night last, about midnight; loss about $6,000; insured to $2,000.

POLITICAL.

NEW YORK.—The *Tribune* places Hoffman's majority at 32,900, being a gain of 5,000 on his vote in 1868. The Assembly is very closely balanced. The *Tribune* says it is tied. The *World* claims two majority.

MISSOURI.—Returns from ninety-four counties give Gratz Brown, for Governor, a majority of 41,588, which will be increased by further returns. The Legislature will contain a working Democratic majority in both branches. The delegation in Congress is as follows:

1. Erastus Wells, Democrat.
2. G. Y. Finkelburg, Liberal Republican.
3. Jas. R. McCormick, Democrat.
4. Wm. E. Gilmore, Liberal Republican.
5. Samuel S. Burdett, Radical.
6. Abraham Comingo, Democrat.
7. Isaac C. Parker, Radical.
8. J. T. K Hayward, Radical, (probably.)
9. Andrew King, Democrat, (probably.)

INDIANA.—A recount of the vote in one of the precincts of the Fourth Congressional District of Indiana elects Gooding (Democratic candidate) over Wilson (Republican by eleven majority. Wilson had been supposed to be elected by four majority. This will make the delegation stand six Democrats to five Republicans.

NEVADA.—The latest returns from Nevada elect the entire Democratic State ticket. Kendall (Democrat) beats Fitch (Radical) for Congress by about 200 majority.

MICHIGAN shows heavy Democratic gains on the vote for Congress. The gain in the Fifth District is 1,593. In the First District the gain is 792. In the Sixth District, where Driggs (Radical) had 3,239 majority, Sutherland (Democrat) has now over 2,000 majority. The Legislature also shows Democratic gains.

DELAWARE.—Ponder (Democrat) has, for Governor, 2,479 majority. The vote for Congress is, Biggs (Democrat) 12,434; Heald (Radical) 10,000. Democratic majority, 2,434.

VIRGINIA.—In the Richmond District Porter's (Radical) majority, as far as heard from, is 1,572; Powhatan and Goochland not yet heard from. Porter's majority in 1869, over Hunnicutt, was 4,270. In the Sixth District, as far as heard from, Harris (regular Democratic nominee) has 3,831; Reynolds (Independent Conservative) 3,384; Gray (Radical) 1,710; Harris's total reported majority over Reynolds, 2,900. The Democratic majority in the district will be about 8,000. In the Seventh District, Braxton (Democrat) beats McKenzie (Radical) about 1,400 votes. In the Eighth District, Terry (Democratic nominee) has a majority of 4,499 over McMullen, (Independent Democrat,) and over Hughes, (Radical,) 4,253. The aggregate Democratic vote in the district is 10,808, and the Democratic majority 7,103.

IOWA.—The official vote of Iowa has been received, and the Radical candidate for Secretary of State has a majority of 41,433. This does not vary from the usual result.

TENNESSEE elects six Democrats to Congress and two Radicals. The Democrats are A. E. Garrett, John W. Bright, J. Golladay, W. C. Whitehouse, R. B. Caldwell, and W. W. Vaughn. The Radicals are R R. Butler and Horace Maynard, both of whom are in the present Congress. This is a gain of six Democrats in this State.—*Washington Patriot.*

It seems that Thayer's circus failed to come to time at Charlotte; the circus going community there went round looking at the picturers on the bills, as being the next best thing to seeing the circus itself.

Every body who wants taxes of all kinds reduced and useless offices abolished, should vote for John Manning Jr., and Dr. Dunn.

Ice reported in Rutherford last Friday morning. We have had several stinging frosts, but no ice here yet.

The Localizer of the Rutherfordton *Vindicator* has received a sample of grapes of the second growth of the present year, sent him by a lady.

MAYOR'S COURT.—His Honor, yesterday morning, had but a single case to attend to:

Julius Archer and Lewis Hinton, both colored men, arrested for fighting in W. V. Clifton's bar room; bound over each in the sum of $100 for their appearance at the next term of the Superior Court.

There are only four negroes certainly elected to the 42nd Congress.

A daily moderate use of celery as a salad at meal times is said to be an effectual remedy for nervousness.

Shall Nature be Sustained?

To give debilitating medicines to the weak is about as bad as it would be to try to help a man to his feet by kicking him when he was down.

That sort of practice is going out of fashion. It has filled so many graveyards that people no longer believe in it.

If those who are not strong by nature expect to avoid the attacks of disease, they must endeavor to acquire the vigor necessary to resist it.

How is this to be done? Common sense suggests by the use of invigorating medicine.

The great object is to STRENGTHEN THE SYSTEM WITHOUT EXCITING IT.

This object is accomplished by the judicious use of the most potent and genial of all vegetable tonics and alteratives, Hostetter's Stomach Bitters.

Many valuable properties are combined in this preparation. It improves the appetite and renders digestion easy and perfect.

It gives steadiness to the nerves, induces a healthy, natural flow of bile; prevents constipation without unduly purging the bowels; gently stimulates the circulation, and by promoting a vigorous condition of the physical system, promotes, also, that cheerfulness which is the truest indication of a well-balanced condition of all the animal powers.

Summer leaves both the body and the mind more or less exhausted. Now is the time to recruit them, and thus forestall the malarious fevers and other complaints which prostrate so many thousands every Fall.

On last Sunday night the Baptist Church in Edenton was destroyed by fire. The elegant organ and bell was a total loss.

The fire is supposed to have originated from the explosion of a lamp after the services of Sunday night were concluded.

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable
LIFE ASSURANCE SOCIETY OF THE UNITED STATES
120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000,000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $6,500,000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4 000 000.
6. Such payments are made in cash, and not partly in cancelled notes, as is the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as is the case in all Note Companies.
8. The sums of $1,500,000, and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured. Equitably, instead of being wholly or partially distributed among the stockholders, as is the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealings so equitable that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending December 1, 1869, was $51,031,141.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division, and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of its business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000 000 greater than any other company.

A PROCLAMATION
By His Excellency the Governor of North-Carolina!

Executive Department,
RALEIGH November 10th, 1870

BE IT KNOWN, That the proclamation issued from this Department, dated March 7th, 1870, declaring the County of Alamance in a state of insurrection, and the proclamation issued from this Department, dated July 8th, 1870, declaring the County of Caswell in a state of insurrection, are hereby revoked, and it is hereby declared that said proclamations shall not have further force or effect.

I take this occasion as Chief Magistrate of North-Carolina to express my gratification at the peace and good order now prevailing in the Counties of Alamance and Caswell, and generally throughout the State. I trust that peace and good order may continue; that partizan rancor and bitterness may cease; that our people of all classes and conditions may cultivate harmony and good will among themselves; and that the whole people of the State, without respect to party, may unite fraternally and cordially to build up North-Carolina, and to elevate her to the proud eminence which she once occupied as a member of the American Union.

Done at our City of Raleigh, this the 10th day of November, one thousand eight hundred and seventy,

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" So well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so, that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 150,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 400 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

Press complete—Depth Cotton Box 8 feet · Size Bale 44 feet 12½x28x36in; wt. Bale 400 to 550 lbs.

MR. THOMAS H. BRIGGS: Dear Sir:—Yours of 13th instant inquiring as to the merits of the "Utley Cotton Press" is to hand, and in reply I would say that I have tried other Presses and consider the *pain upon which the Utley Press works* cheaper, simpler and more durable than any I have met with. Yours very respectfully, JAS. H WILDER

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT casts less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 13th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

ISSUES ALL FORMS OF NON FORFEITABLE WHOLE LIFE AND ENDOWMENT POLICIES on the Mutual Cash Plan, declaring Dividens annually after the first annual premium paid. Assets exclusively Cash with no portion of its reserve fund in premium notes, consequently the "reserve" is stronger than that of any Company doing business in this State. No "*Definite surrender values guaranteed*" as an inducement to new business, but reference is made to the average amount, paid on each surrendered policy as shown by New York Insurance Reports, 1869 in evidence of having paid larger surrender values, than has been given under a minimum "Definite Cash Surrender Value." *Death losses* have not occurred, out of *several hundred* policy-holders in this State, which fact must establish the better ability of the Company, to pay larger dividends than Companies having an excessive mortality, the result of a selection of bad risks. "Fictitious *Dividends* are not declared, but Dividends are given from the actual surplus in accordance with the Company's Charter. POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks,*—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers, in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.
